

NAMSURE RECEIVES GOLD AWARD

Namsure Insurance Brokers recently received a Golden Award in its category from Santam Namibia. This award is based on the overall health of Namsure's short term insurance book with Santam and was handed over to the Namsure Team at the annual Santam Broker Awards Ceremony.

Only 3 years after Namsure opened its doors in 2009, the business received the Santam Namibia Achievers Award. This was followed by a Silver Award in 2014, which inspired Hennie Köhne, Elize Jacobs and their team to go for Gold. "We are most grateful for this acknowledgment and pay credit to the excellent service level of our team, added to the exceptional quality of our client base". Köhne further thanked the Insurance Industry for its ongoing support and trust.

Namsure is now 6 years old and experienced significant organic growth, complimented by acquisitions of the Keller & Neuhaus short term insurance book and BeSure Insurance

Brokers. The Namsure team shares more than 100 years experience in the short term insurance industry and its service model is rooted in an uncompromising commitment to excellence.
